

How to add Password to server

Before following these steps, make sure to stop your server first. This is to avoiding breaking anything on your server while you edit.

Step 1: Head to your game panel and look for your **File icon** on the left hand side.

// Photos to be added on AH 2.0

Step 2: When you are in you files, scroll down until you see a file named: **serverconfig.xml**

// Photos to be added on AH 2.0

Step 3: Open the file and look for the line that says: **<property name="ServerPassword" value=""/>** . When you have found this line, you just need to add a password in the Value area.

Before:

<property name="ServerPassword" value=""/>

After:

<property name="ServerPassword" value="Thisismynewpassword"/>

//Photos to be added on AH 2.0

Make sure to save before exiting the file.

After Completing these steps, you can now go and start you server.
