How to change the Difficulty on the server

Before following these steps, make sure to stop your server first. This is to avoiding breaking anything on your server while you edit.

Step 1: Head to you game panel and look for the Startup icon on the left hand side.
//Add photos
Step 2: After clicking on Startup, go to the box that says **GAME DIFFICULTY.** Here you can change you difficulty of the game.
//Add photos
Step2a: What does each number represent for difficulty?

- **Scavenger (1)**: Easiest setting designed for noobs. - *Easiest*
- **Adventurer (2)**: Not just a new recruit any more. - *Easy **(Default)***
- **Nomad (3)**: Designed for experienced FPS players. - *Normal*
- **Warrior (4)**: Now you're starting to impress. - *Hard*
- **Survivalist (5)**: Kids don't try this at home! - *Harder*
- **Insane (6)**: You're one brave Mother! - *Hardest*

Step 3: After selecting you difficulty, the server will save it automatic for you. With this you are ready to start up the server and confront those zombies!
